BULL Outdoor Products Inc.®

GETTING READY FOR YOUR BARBECUE DELIVERY

Please Initial After Reviewing

1. Closely verify that all measurement and criteria are correct, as all sales are final. _____
2. The area where the barbecue island is going to be placed should be pre-determined before our delivery crew arrives at your residence. _____
    - Clearance required is 36" wide, 6' high, excluding fireplaces, which need 10' overhead clearance.
3. If a crane is required for delivery, Bull Outdoor Products is not responsible for crane charges. However Bull Outdoor Products will schedule the crane. _____
4. The purchaser must be present at the time of the barbecue Island delivery. _____
5. All debris, limiting and blocking access to or on the set-up location, must be removed prior to delivery. _____
6. Delivery crew will, at time of delivery: _____
    - Place the Barbeque Island in an area directed by you.
    - Place the barbeque head in the Barbeque Island.
7. Delivery crew will not: _____
    - Take the Barbeque Island up or down steps.
    - Place the barbeque on a deck.
    - Hookup any electrical, gas, water or drain lines.
    - Move any fences, trash or any other debris out of the way.
    - Put any barstools together.
8. When an island is purchased that is equipped with a GFCI outlet or refrigerator, you are responsible for the "hook-up" of the electrical connections. If a sink is purchased, you are also responsible for the "hook-ups" of the water drains and lines. _____
    - Check with local building departments for codes regarding proper hook-ups.
    - A licensed plumber should size the natural gas lines. A 3/8" female flare fitting is needed to connect to the barbeque; a shut-off valve and a "T" will be required for a side burner hook-up.
    - Standard plumbing needs: ½" hot-cold water lines and a 1-1/2" drain line.
    - Standard electrical needs: 110 volt, 20 AMP breaker and 3-12 gauge wires.
9. All colors pertaining to Rock, Stucco, Tile, Granite, Brick, and Grout may slightly vary due to subtle differences in product dye lots. _____
10. Allow up to 4-8 weeks for delivery. _____
11. All delivery times will be set within a four-hour window, the morning of delivery. _____
12. Rescheduling your delivery will result in up to 4-6 week delay for a new delivery date. _____
